

CHILD MOBILE PHONE, IPAD/TABLET AND ELECTRONIC DEVICE POLICY

Primrose Hill Day Nursery operates a child mobile phone, ipad/tablet and electronic device policy to protect your child and other children from allegations and maintain high standards of care within the setting.

- The nursery forbids children from bringing mobile phones into the setting
- Any child bringing electronic devices into the nursery will have their time on such items restricted to 30 minutes at a time
- Children must not take photographs of other children within the nursery and we ask parents to reinforce this with their child and check devices on a regular basis
- Any child found to be taking photographs of other children in the nursery will have their device taken of them and placed securely in the office until their parent/guardian collects them
- Any child who continually breaks the rules on electronic devices will no longer be permitted to bring any items into the nursery
- Any parent who has any concern regarding the usage of electronic devices within the nursery are free to speak to a member of management at any time
